

# CORE DESIGN DELIVERY MANAGER

## Salary £18k-£20k plus bonus

---

We're a fun, hardworking bunch doing our level best to rid the world of boring and uninspiring presentations. Here at Eyeful Presentations, we're lucky enough to work with some of the biggest companies in the world, helping them to improve their corporate presentations.

Organisations such as Microsoft, American Express, FIFA and eBay come to us to make sure that when they stand on stage, their presentations have that "wow factor".

We've never been busier and so we're after someone very special to join our team.

As a key member of our ever-expanding team, you'll need to be willing to throw yourself in at the deep end and get stuck in from day one. We can guarantee every day will throw something new at you and in return, you'll never get bored!

Due to growth within the business, we are looking to recruit a Design Delivery Manager. You will be able to meet deadlines, juggle global time zones, manage corporate customers with complex sign off procedures and ensure that the work we produce amazes our customers.

Receiving briefs from our field-based and in-house consultants, you will work with our expert design team to turn the brief into reality; you'll be responsible for reviewing the work and liaising with the customer to ensure the project completes in line with agreed budget and timescale. Due to the global nature of our key customer base your role will require a degree of flexible working at times.

We think you will have worked in a similar customer-facing role and be able to demonstrate the exceptional customer service levels that this role requires. Quality is at the fore front of everything we do at Eyeful and a keen eye for detail is essential. You will be able to remain cool under pressure and demonstrate excellent communication skills. You will be computer literate, working daily with a CRM system and a range of Office programmes.

This is a fantastic opportunity for you to take ownership of this role and develop it as the business grows further. We will be completing pre-interview telephone screening, followed by an assessment day at our head office in Desford. If you think that this sounds like your ideal role, then send us your CV with relevant experience and salary expectations - we'd love to chat!
